- UVic Koksilah Connections request for volunteers.
 - “Many people are concerned about the declining water levels in the Koksilah River during the summer, especially how less water flowing through the river affects salmon trying to get upstream. To better understand the Koksilah River, specifically the connection of groundwater to streams, the University of Victoria is monitoring the tributary streams and creeks that feed into the mainstem of the Koksilah River ([Koksilah Connections](#)). If you’re interested in volunteering this summer with the monitoring program we would love to hear from you! Please fill out the few questions in this survey and we will get back to you: <https://www.surveymonkey.com/r/K2Y2DJT>”
- Cowichan Stewardship Roundtable picnic. Thursday, July 15th 9:30am to approx. 2 pm. RSVP as numbers are limited to 50. Bring own chair, water and lunch.
- Quw’utsun Heritage River Day will be September 25th. (See excellent video of a previous River Day for an idea of what to expect here: <https://mail.google.com/mail/u/1/#search/genevieve++river+day/FMfcgzGkXdCRCQdLXhQCFWKjvTWQFBzr?projector=1>)
