Dear partners,

The Pacific Salmon Foundation has released its second State of Salmon Report, building on the initial launch last year with updated data and findings.

I am pleased to invite you to join us on Wednesday, Oct. 29, from 12 p.m. to 1:30 p.m. for an online webinar to learn more about the State of Salmon Report and how you can use the online tool. [Register today for the free State of Salmon Webinar.](#)

The event will include a presentation, a live demonstration of the [interactive website](#), and a Q&A period.

Speakers:

- Jason Hwang, Chief Program Officer and VP of Salmon, PSF
- Katrina Connors, Senior Director, PSF
- Steph Peacock, Senior Analyst, PSF

This event will provide you with an opportunity to gain insights into the report. With two-thirds of salmon populations in B.C. and the Yukon below their long-term averages, we know there is ample work to do.

I hope you can join us on Wednesday, Oct. 29, at 12 p.m. [Register for the webinar.](#)

With gratitude,
Michael Meneer
